

24" SELF-PROPELLED DRIVE OVER LOADER

Self-Propelled so operator can easily move left, right, forward, or reverse. Troughed belt design keeps all material on top of belt. Rollers under belt reduce belt drag allowing loader to use 30% less Horse Power. Heavy duty drive-over ramps take the weight of a fully loaded truck & trailer. Hand operated rubber hopper flaps are designed for no spillage of material. Hand operated adjustable discharge hood for ease of centering material on pile. Will unload approximately 6,000 lbs of material per minute. Towable behind a full size pick-up.

STANDARD FEATURES:

- Drive over ramps
